## INSTALLATION

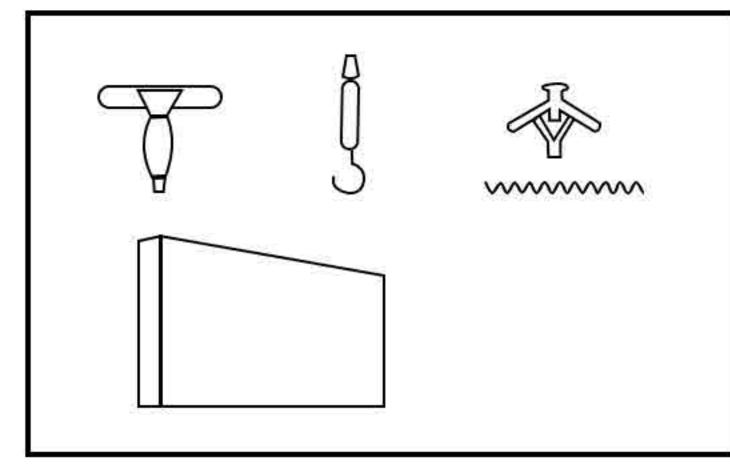

## **Velcro Installation Method**

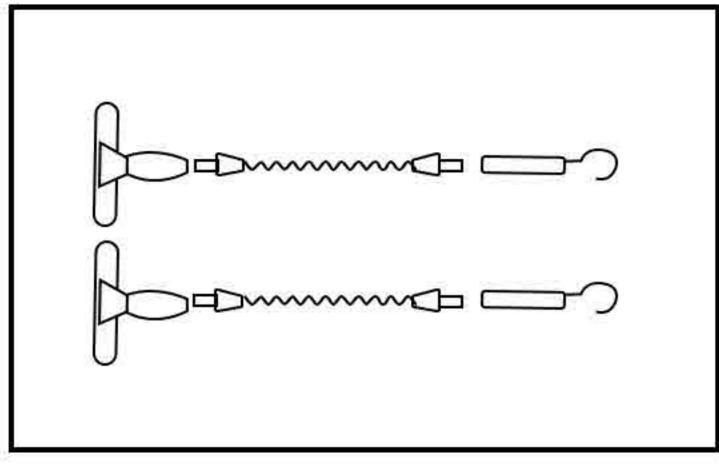

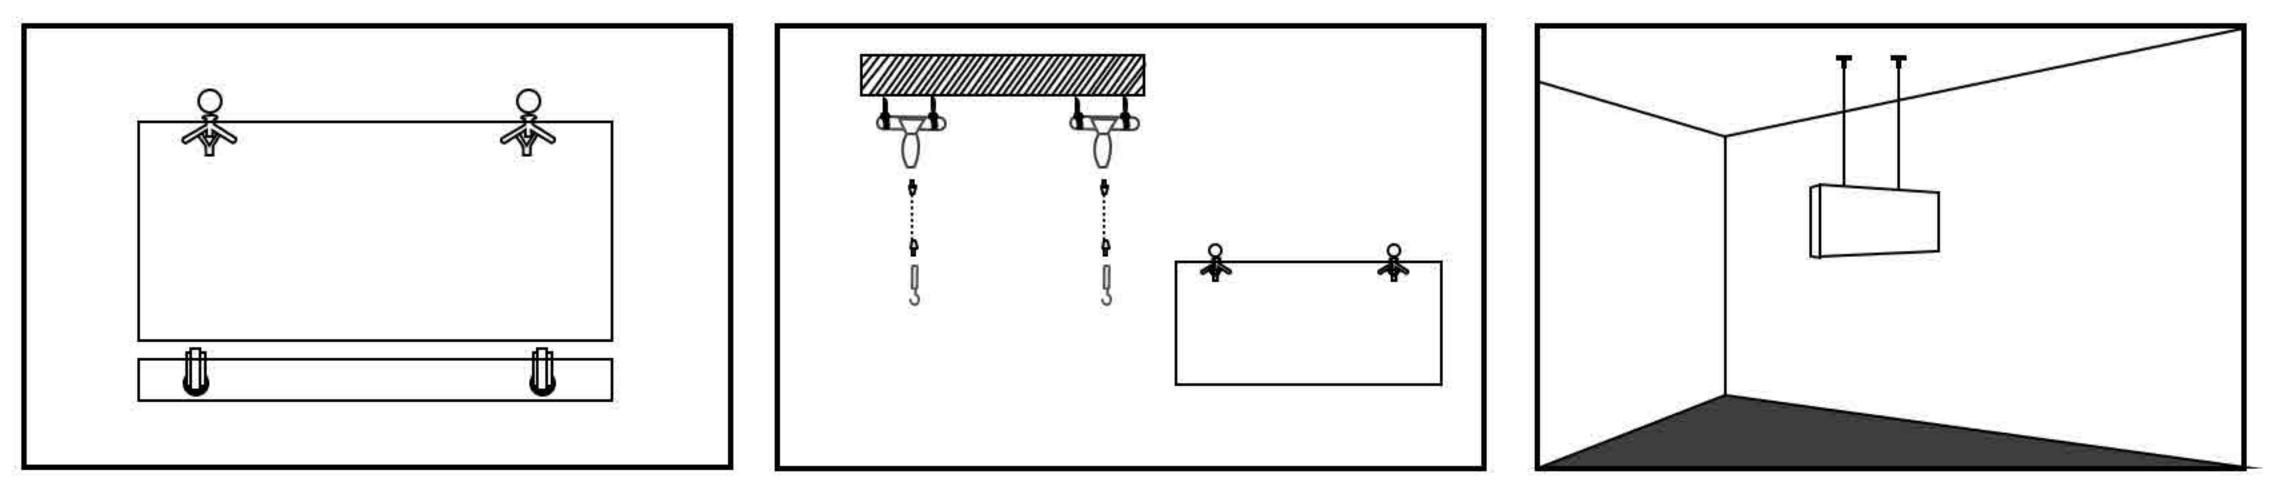

Removing accessories and pegboard

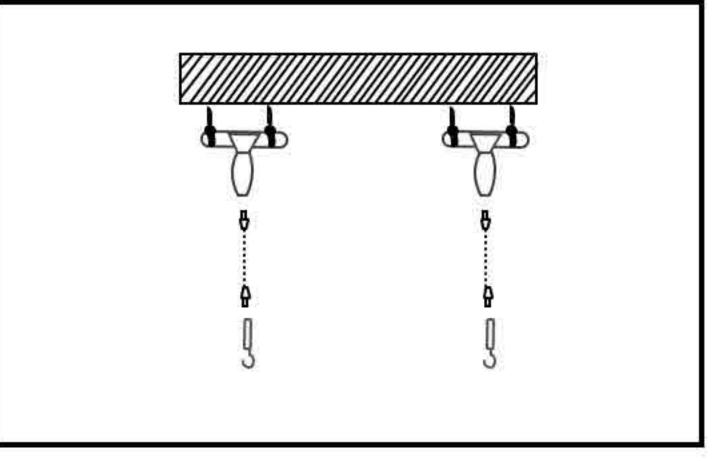

Take out the fittings and hooks and attach them as shown in the illustration, leaving the right length of lanyard.

Install the pegboard in the same way as the illustration

Install the pegboard in the same way as the illustration

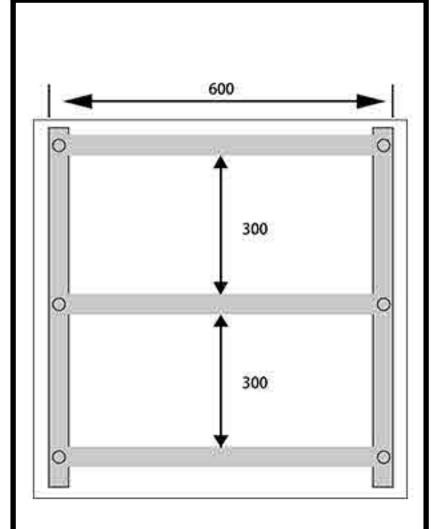

Attach the hooks to the ceiling as shown in the illustration

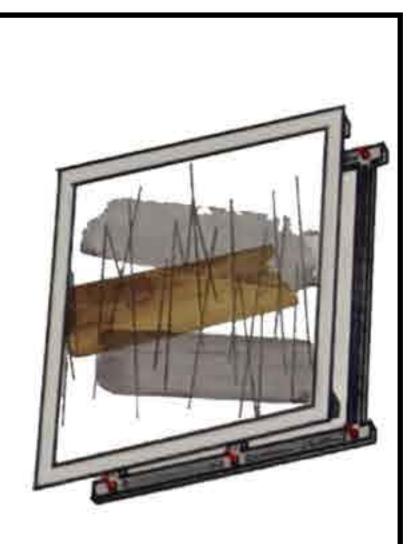

Adjust the balance of the pegboard and the length of the lanyard.

## Fixed installation method

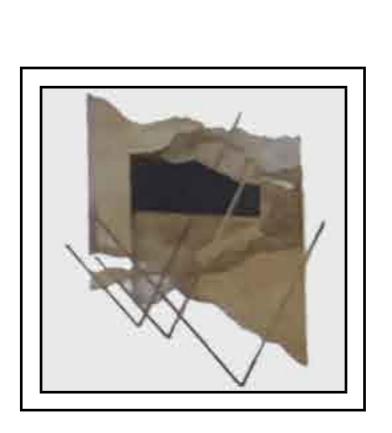

Reverse the hanging of the picture and fit the mounting brackets on the back of the picture according to the dimensions

Take out the other fixing bracket, fit the pegs and glue the back of the bracket to the wall

Adjust the position and tap around with a small hammer until the hanging is secure.

## Metal on the installation
